Harrison Global Acquires New England Coach Incorporated

Harrison Global, headquartered in Waltham, Massachusetts announces it has acquired the assets of New England Coach Incorporated, a chauffeured sedan service based in Canton, Massachusetts as of December 31, 2012.

Derek Marcou, co-owner of Harrison Global, said this regarding the transaction, “New England Coach is a solid company with a loyal client base and a strong history of delivering excellent service. This compliments our recent acquisition of Regal Limousine Services in New Hampshire, now adding a base of operations south of Boston.” The terms of the deal and the size of the transaction are not disclosed.

New England Coach will report into Harrison Global Managing Partners Russ Cooke and Bill Gemmell. Mr. Gemmell explains, “Harrison has been well positioned north and west of Boston and with the addition of New England Coach we are now poised to efficiently service south of Boston. Staging a portion of our fleet in Canton is the perfect location to service the South Shore, Cape Cod and down to T. F. Green Airport in Rhode Island. Plus an important aspect of the deal is the addition of the strong Team at New England Coach.” Russ Cooke adds, “We’re excited to continue the growth path for Harrison with the addition of New England Coach.”

Harrison Global, a national leader on green and smart transportation initiatives, has over 150 executive transportation vehicles in service and continues its business development and acquisition efforts across the eastern seaboard of the United States. In addition to its Waltham headquarters and its newly acquired Massachusetts and New Hampshire locations, Harrison has operations in the Raleigh/Durham Triangle in North Carolina and in the Washington DC/Virginia markets. Harrison also provides service in 450 cities worldwide through Affiliates and remains poised in a growth phase.
