

January 3, 2013 - For Immediate Release:

Harrison Global Acquires Regal Limousine Service

Harrison Global, headquartered in Waltham, Massachusetts announces it has acquired the assets of Regal Limousine Service, a chauffeured sedan service based in North Hampton, New Hampshire as of December 28, 2012. Regal Limousine Service has been the leader in Chauffeured Transportation in the New Hampshire seacoast region, operating out of both North Hampton and Manchester, NH for thirty years.

Derek Marcou, co-owner of Harrison Global, said this regarding the transaction, “Regal Limousine Service, a former LCT Operator of the Year, is a terrific company with a long history of delivering excellent service to its customers. This transaction is an important strategic piece to our overall growth plans in the New England market.” The terms of the deal and the size of the transaction are not disclosed.

Regal Limousine Service will report into Harrison Global Managing Partners Russ Cooke and Bill Gemmell. Mr. Cooke explains, “The addition of Regal Limousine to the Harrison Global brand will add breadth and scope to our service offering in New England. This will allow us to more efficiently service the North Shore area of Boston as well as New Hampshire and the International airport in Manchester.

Mr. Gemmell adds, “We plan to continue operations for Regal from the existing location in North Hampton. It’s the perfect facility and location to service the seacoast area. Plus an important aspect of the deal is the addition of the excellent Team at Regal. We’re excited to continue the growth path for Harrison with the addition of Regal Limousine.”

Harrison Global, a national leader on green and smart transportation initiatives, has over 130 executive transportation vehicles in service and continues its business development and acquisition efforts across the eastern seaboard of the United States. In addition to its Massachusetts headquarters and its newly acquired New Hampshire locations, Harrison has operations in Raleigh/Durham NC and in the DC/Virginia market. Harrison provides service in 450 cities worldwide, and remains poised in a growth phase.
